

PRESIDENT OF NICARAGUA OUT

Resignation of Estrada Is Surprise to Diplomats.

IN OFFICE LESS THAN A YEAR

He Deposed Senor Madriz, Who Had Been Placed in Power by Former President Zelaya Before His Flight.

Washington, May 12.—The sudden resignation of President Estrada of Nicaragua was a surprise to officers of the state department, who were not aware that his relations with General Mena, the minister of war, had become so acute as to force his retirement.

Estrada's resignation was officially reported to the department by American Minister Northcott at Managua. Mr. Northcott said that General Adolfo Diaz, the vice president, upon whom President Estrada conferred the executive power, and General Mena were working in accord and are forming a conservative cabinet. President Estrada and General Moncada, minister of Cobarracion, he added, are at Corinto. Order has been restored at Managua.

In street fighting on May 9 occasioned by the excitement growing out of the relations between Generals Estrada and Mena, two persons, according to Minister Northcott, were killed and twenty-five wounded. Mr. Northcott added that the relations between the legation and the local leaders are cordial and friendly.

Senor Estrada has been president of Nicaragua for less than a year. It was only last summer that he succeeded in raising an army at Bluefields, on the east coast of Nicaragua, and deposing Senor Madriz, who was put in office by former President Zelaya before his flight from Nicaragua. It has been known for some time that Estrada was having trouble with other prominent citizens of Nicaragua, but it was not suspected that his relations with them were so serious as to cause his resignation. It is expected that Estrada will leave Nicaragua.

Officers of the state department say that the change of administration will not affect the administrative reforms which are now in progress.

ADMIRAL GIBSON DIES

Served in the Pacific Fleet During the Spanish-American War.

New York, May 12.—Rear Admiral William C. Gibson, retired, is dead at his home in Brooklyn from a complication of diseases. He was seventy-two years old.

Admiral Gibson entered the navy during the civil war. He served in the Pacific during the war with Spain and was placed in command of the battleship Texas in 1900.

Operation Kills Major Haines. San Antonio, Tex., May 12.—Major T. Haines, Eleventh United States cavalry, son of General Haines, died in the hospital at Fort Sam Houston following an operation for appendicitis.

"TORNADO IN NORTHWEST

Buildings at Felton and Marion, Minn., and Fargo, N. D., Demolished.

Moorhead, Minn., May 12.—A great funnel-shaped cloud, bringing a terrific wind bore down on Felton, Minn., a town twenty miles north of Moorhead, tore down a dozen buildings, blew in every big window and tore up trees in large numbers.

At Marion people rushed for cellars to escape debris and flying timbers. Barns, machine sheds and some small houses were taken bodily off the earth and carried some distance.

At Fargo, N. D., two dozen houses and barns were blown down and many carried far across country. A farmer was seriously hurt.

TAKES LIFE WHILE ILL

Charles D. Garnett of St. Louis Shoots Himself in New York.

New York, May 12.—Charles D. Garnett, said to be a retired paper manufacturer of St. Louis, shot and killed himself in Riverside park.

Mr. Garnett came to New York six weeks ago. He had been in poor health and with his wife had passed the greater part of the last two years in travelling.

BROTHER OF LOCAL PHYSICIAN PASSES AWAY IN LIVINGSTON

Charles E. Hull of Livingston county died Thursday evening after a short illness. The body will be brought to Ann Arbor for burial Saturday noon where services will be held at Forest Hill cemetery. Mr. Hull was a brother of Dr. G. M. Hull of this city.

AIR PUPIL KILLED

His Aeroplane Crashes into Building During Early Morning Mist.

Berlin, May 12.—Herr Bekemuller, an aviation pupil, was killed when his aeroplane crashed against a building that had been hidden from the pilot's view by a heavy early morning mist.

The aviator had been maneuvering in the military field at Johannisthal, and unconsciously flew over the inclosing fence and had no time to save himself. The machine was wrecked.

MOST ENTHUSIASTIC AUDIENCE AT THE MAY FESTIVAL THURSDAY

The greatest enthusiasm prevailed Thursday evening at the second May Festival concert in Ann Arbor, when the oratorio, "Judas Maccabeus," was rendered by the choral union, with Miss Perceval Allen, Miss Janet Spencer, Reed Miller and Horatio Connell, as soloists, and with Llewellyn L. Renwick at the organ, while Albert A. Stanley conducted. In passing it is interesting to note that the University of Michigan Choral Union is one of the largest student choruses in the world. This year the chorus numbers 294, made up as follows: Sopranos, 116; altos, 65; tenors, 44; basses, 69. In "Mourn, ye afflicted children," "We come in bright array," "Hear us, O Lord!", "Ah! wretched Israel," the work of the chorus was remarkable, while the enthusiasm over "Sing unto God" was so intense and expressed in such hearty encore that Mr. Stanley had to repeat.

The soloists were in fine form and sang their parts with a power and charm extremely captivating.

The matinee this afternoon was greeted with a large audience. Special cars will leave the waiting room at 6:45 and 7:15 this evening returning at the close of the concert. On Saturday evening the concert will begin at 7:30 instead of 8 o'clock as on the preceding evenings. Special cars will leave Ypsilanti at 6:15 and 6:45 on Saturday evening.

PERSONAL AND SOCIAL

Ladies' Aid Society.

The Ladies' Aid society of the First Baptist church met Thursday with Mrs. G. B. Dunlap and transacted much important business. It was decided that a silver tea should be given by the society in July, August and September, as well as baked sales during the summer. The society also planned for a rummage sale on May 26 and 27 of this month, at which time a sale of baked goods will be held. It was decided that the society would give four meals at the church edifice during the G. A. R. encampment: supper on the first day, dinner and supper on the second and dinner on the third day. Light refreshments and social visiting filled the remainder of the afternoon.

Last Mothers' Meeting.

The last mothers' meeting of the year was held Thursday afternoon at the Woodruff school. At quarter past two programs were given for the mothers' entertainment in the various rooms, and latter all assembled to listen to Prof. S. B. Laird's admirable address. He treated of the three periods of development, considered physiologically. The talk was so thoroughly enjoyed by the mothers, that their only regret was that the fathers were not present to have heard the address also. Nice refreshments were served.

M. E. Ladies Hold Shower.

Seventy-five ladies of the Methodist church attended the church kitchen shower held Thursday afternoon at the home of Mrs. H. A. Leeson. The articles brought to equip further the kitchen of the church ranged from granite and glassware to creamers and sugar bowls and tumblers, while several ladies had joined in buying a long table cloth to present. Harold Chalmers of London, England, gave a greatly enjoyed program of music. Ice cream and cake were served.

Simple Spot Remover.

This is a recipe for the very best "spot remover" you ever tried. Two ounces of castile soap shaved fine; two quarts of pure soft water. Boil till soap is thoroughly dissolved; strain and cool. When cool, add one ounce sulphuric ether and two ounces of wood alcohol; shake it well and keep corked.

It is now ready for use and will remove spots and stains from your clothing like magic, especially woolen garments.—"Home Department," in the National Magazine for April.

COMMITTEE QUIZ WILL BE PUSHED

Ohio Senators Persist in Spite of Disapproval.

COMES AFTER GRAND JURY

Senator Yount Tells of Offer Made Him to Work for Bill to Knock Out Bucket Shops—Senators Are Bitter.

Columbus, O., May 12.—State senators betrayed no anxiety over the storm of disapproval because of their decision to push an investigation by senators, with power to grant immunity to witnesses in defiance of Governor Harmon's wishes and the public declaration of reports that the probe proposed was a mere whitewash.

It is reported that the committee will not push its hearings until the grand jury is through with its investigation.

C. L. Cassingham, Cleveland coal operator, and W. H. Phipps, federal auditor for the Philippines, who was recalled as he was aboard a ship at San Francisco ready to sail for Manila, were witnesses before the grand jury. Senator Yount, a witness Wednesday, said in the senate that he had been offered \$3,500 a year ago to introduce and work for a bill to knock out bucket shops. He is thought to have made this statement before the grand jury.

Senators on the probing committee show bitterness toward newspapers, and legislative correspondents expect to be the first witnesses summoned along with detectives.

SCHOOL CENSUS 700 SHORT

South Bend Parents Seek to Evade Child Labor Law.

South Bend, Ind., May 12.—Men in charge of the school enumeration here have just found that nearly 700 children were missed because of a misunderstanding of the new child labor law. This measure has caused considerable confusion here, because of the large number of boys and girls employed in the factories.

It is presumed the people refused to give their children's names to the school enumerators in order to evade the child labor act. The condition came to light in the checking up of the returns, and a recount may be made.

GRAFT ON SANITARY CANAL

Trustee Sullivan Investigates Shortage in Collections at Lockport.

Lockport, Ill., May 12.—Systematic grafting has been discovered in the sanitary district power house at Lockport. Trustee Thomas M. Sullivan is at the head of an investigating committee. Six employees were dismissed six weeks ago for selling the district's cement and tools.

The new graft was in the collection department. A big shortage was uncovered. The district sells current to Lockport. Citizens were called to testify regarding their bills. John J. Ward, collector, was permitted to resign May 11.

ILLUSTRATED LECTURE ON GRAND CANYON

Thursday evening in the Presbyterian chapel a stereopticon lecture was given by William B. Hatch on the Grand Canyon of Arizona for the benefit of the Young People's Society of the church. Mr. Hatch preceded the showing of the slides by reading several excellent descriptions which have been written of that wonderful scenery. Fifty slides were shown and both the pictures and the accompanying remarks and explanations were greatly enjoyed.

SCOUTS REQUESTED TO MEET AT M. E. CHURCH SATURDAY

Members of the scout patrols of the Methodist church are requested to meet at the church at 10 o'clock Saturday morning. Every scout is to provide himself with provisions for his dinner, and one item of this is to be cooked on the field. He is also to bring his other scout equipment.

FUNERAL OF DAVID MASON TO BE HELD SUNDAY AFTERNOON

The funeral of David Mason, who met an untimely death Thursday morning at the railroad crossing in Willis, will be held Sunday afternoon at one o'clock in the Advent church in Willis.

GOV. OSBORN TO SPEAK AT G. A. R. ENCAMPMENT

Reports from Detroit concerning the Christian Endeavor convention to be held there in June are evidently in error as regards the date that Gov. Osborn will speak. The Detroit committee is announcing his address on the evening of June 22, but the following letter to Mr. Rankin in reply to an invitation to speak at the encampment indicates conclusively that the governor will be in Ypsilanti on the evening of June 22 and preparations are being made accordingly:

Honorable H. C. Rankin, Ypsilanti, Michigan.

My dear Mr. Rankin:

I have your kind letter of May 3 in relation to the state encampment of the G. A. R. at Ypsilanti on June 22. I am looking forward with pleasure to this occasion and shall hope to be present on Thursday evening, June 22, and to take as the subject of my address, "Michigan's War Governor," as you suggest.

With kind regards, I am, Yours very cordially, CHASE S. OSBORN, Governor.

BIG TRACT OF RICH COAL LAND STILL OWNED BY U.S.

Washington, May 12.—Over seventy million acres of coal land in the West is still owned by Uncle Sam. The coal content of this land is enormous; it can be figured only in hundreds of billions of tons. Some tracts are of immense value, containing beds of coal of the highest grade, 30, 40, 50, and even 80 feet or more in thickness. The old way was to sell the coal land, regardless of value, at the absurd figure of \$10 an acre if it was more than 15 miles from a railroad or at \$20 if within that limit. The present way is to measure the coal in an acre and sell the land at a price determined by its content of coal. As a result coal land has been priced at even \$400 an acre and one tract at even \$600 an acre. Since March 4, 1909, the Geological Survey has classified, by 40-acre tracts, 8,527,166 acres of the Government coal lands, at a total valuation of \$500,815,081. Including the work done under the last administration a total of 13,480,538 acres has now been classified as coal land, at a valuation of \$637,619,418. At the \$10 to \$20 minimum rate these lands would have a valuation of \$218,289,942, so that the work done has resulted in a gain to the Government of nearly \$420,000,000. It may be noted that the proceeds of coal-land sales are all deposited to the credit of the "reclamation fund"—the fund that pays for the construction of the Government's vast water-storage projects.

The work involved in the classification and valuation of the nation's coal fields is immense and the scheme under which it has been worked out is remarkably accurate and scientific. The best evidence of its accuracy is the ready acceptance of the estimates and valuations by purchasers of coal lands and the fact that the Geological Survey is constantly receiving applications and petitions for the classification of coal lands.

MURDERER INSANE

Wylie McManue, who shot to death Hugh Hanlon, was examined at Monroe on Wednesday last week by an insanity commission composed of Drs. Dawe, McCallum and Stiffer, who pronounced him insane. His hearing took place in the probate court the day following, when he was committed to the insane asylum at Kalamazoo.

MOTHERS DAY OBSERVED IN SCHOOLS TODAY

Mothers' Day was observed in the public schools quite generally today. In most of the rooms appropriate poems were read, stories told and music sung. In the sixth grade at the central building the children bought a copy of Whistler's painting of his mother to hang in their room.

COUNTRY AND CITY IN CLASH

Arrayed Against Each Other at Reciprocity Hearing.

FARMERS ATTACK AGREEMENT

Members of Boards of Trade in Cities Along the International Boundary Give It Unqualified Indorsement.

Washington, May 12.—Country and city were arrayed against each other at the Canadian reciprocity hearing before the senate finance committee. The conflict was sharp. Farmers from Minnesota and North Dakota denounced the agreement as iniquitous, while members of boards of trade from cities along the international boundary indorsed it unqualifiedly.

The cities were headed by a large delegation wearing badges a foot long inscribed:

"One hundred per cent strong for reciprocity—Buffalo."

Henry M. Flagg, master of the Minnesota state grange, told the committee that nothing since the civil war had so inflamed the farmers of the northwest as the "iniquitous reciprocity bill."

P. V. Collins, editor of a farm paper in the northwest, presented a protest signed by 35,000 farmers, 30,000 of whom live in Minnesota.

Mr. Collins declared that support of reciprocity was due largely to misinformation. In this connection he referred to President Taft's message to congress in which reference was made to provinces in Canada, which, Mr. Collins said, "had ceased to exist years ago."

Senator Stone subjected Mr. Collins to a sharp cross-examination. The senator led the witness to repeat that the farmers of Minnesota were enthusiastic in opposition to reciprocity.

"Yes, they are more than that, they are vehement, unanimous, bitter," asserted Mr. Collins.

HOLD LAST MEETING

In the Red Cross room of the Masonic Temple the Ladies' Literary club held, on Wednesday, its last meeting of the season, this also being "President's Day." The annual reports of the secretary and treasurer were read. The president, Mrs. S. W. George, thanked the officers and committees very cordially for their work during the year.

Mrs. R. A. Clifford sang Mrs. Beach's song, "Spring," and a song by Chadwick, accompanied by Mrs. Atwood McAndrew. Rev. A. G. Beach gave a review, which was warmly appreciated, of the play, "The Piper," which captured the Stratford prize and was written by Josephine Preston Peabody, now Mrs. Lionel Marks.

Ice cream, strawberries, cakes and nuts were served. Mrs. Annis Gray sang three times and Marshall Byrn played a cornet solo. The club adjourned to meet October 4. Since the State Federation will be in session Oct. 11, the regular day for the club to begin, it was concluded to begin the season a week earlier, or Oct. 4.

PHTHISIS HOSPITAL BOAT

Tubercular Children Will Live Aboard and Cultivate Flowers.

New York, May 12.—A double-deck flower garden will occupy all of the sunny portions of the municipal ferry boat Middletown as it plies the East river this summer.

The boat recently was turned over to the tuberculosis prevention committee as a summer hospital for child consumptives. The little patients, who have permanent homes on board, will have entire charge of caring for their unique garden.

DIETZ RESTS HIS CASE

Attempts to Call Edward Hines as a Witness.

Rich Lumberman Saved from Taking Stand Owing to His Having Left Town.

Hayward, Wis., May 12.—The defense in the Dietz murder trial rested. Neither John Dietz, Mrs. Dietz nor Leslie took the stand. Rebuttal on both sides is expected to be brief.

John Dietz sprang a surprise on the court and prosecution when he asked that Edward Hines, president of the Hines Lumber company of Chicago, be called as a witness. Hines, who is a business associate of Frederick Weyerhaeuser, came to town Tuesday on business. Dietz said he wanted to ask Mr. Hines if the peace emissaries who came to him before the assault on the cabin, Oct. 8 last, were sent by the "lumber trust."

Hines was saved from going on the stand by the fact that he left a few hours before for Duluth, Minn.

ORDER CONGRESS STREET BRIDGE STRENGTHENED

The report of the state railroad commission who were in the city April 7 to examine the Congress street bridge as to its safety in its present condition for public traffic and the additional traffic of the D. J. & C. railroad, has been received by the city clerk.

An order has been issued from Lansing that the D. J. & C. railroad proceed to rebuild or strengthen the bridge so as to make it safe for traffic of the railroad thereon within thirty days, the rebuilding or strengthening to be according to plans submitted to and approved by the commission. A further order has been issued that pending said rebuilding or strengthening of the bridge, the railroad shall reduce the speed of its cars over the bridge to not to exceed six miles per hour and to bring cars to a stop within twenty feet before entering upon the bridge when coming from the west.

A citizen in Ypsilanti remarked today that the margin of strength is so small that he would not care to have a member of his family in one of the big cars if it were to happen that the car met a team going west on the bridge when the car was eastbound.

MERCHANTS GET SPRING CLEANING FEVER STORES IMPROVED

A number of the merchants on the south side of Congress street have been improving the external appearance of their stores during the past few days very materially with coats of various colors of paint. Among the number are Schultz' Shoe Store, The Daisy Meat Market, O'Connor's Shoe Store, Foerster's Hardware Store.

ART EXHIBIT OPEN

Ann Arbor, May 12.—The third annual exhibit of the Ann Arbor Art association was formally opened Wednesday evening in the west assembly room on the second floor of the Memorial building. The exhibit will be open to the public every day until May 20 from 9 to 12 in the morning and from 2 to 5 in the afternoon. In addition Memorial hall will be open Wednesday and Friday evenings this week, and Monday, Wednesday and Friday evenings of next week from 7 to 10 and next Sunday afternoon from 2 to 5.

The north section of the east wall is covered by the Gruppe collection, 26 sketches in all. On the north wall hangs the Nicoll collection, mostly marine and Mexican and Arizona desert scenes. There are two pictures by Myron Barlow, owned by Architect Kahn of Detroit, five pictures by Childre Hassan, three by A. E. Ashe, others by Anderson Millar, Lippincott and Paulus.

JAUREZ IS MADE REBEL CAPITAL

Insurrectos Establish Seat of Government There.

MADERO CABINET ANNOUNCED

Captured City Opened to Public and American Sightseers Flock in—Steever Ordered to Pass Supplies Through Custom House.

El Paso, May 12.—With Juarez in their possession the Mexican insurrectos set up their provisional government and Francisco Madero announced his cabinet.

The members are: Dr. Vasquez Gomez, minister of foreign relations; Gustavo Madero, brother of Francisco, Jr., minister of finance; Venus Tiano Carranza, minister of war; Frederico Gonzales Gafza, minister of the interior; Pina Suarez, minister of justice; Juan Sanchez Azcona, secretary to the president.

The announcement of the cabinet appointments followed the meetings of the chiefs in Madero's headquarters. It was decided that Secretary of War Carranza will have charge of the railways and telegraphs. Secretary of the Interior Garza will be in charge of the mail service and Secretary of the Treasury Madero will direct the affairs of the custom house. An effort is being made to have the custom house opened as soon as possible in order that supplies may be taken to Juarez from El Paso.

Importations will be permitted to pass unchallenged providing the proper manifests are presented, according to Collector Sharpe of the United States custom house.

The captured city was opened to the public from El Paso and thousands flocked to the rebel capital of Mexico. Automobiles, bicycles, street cars and every known method of transportation was utilized.

Just before 7 o'clock a goodly part of the insurrecto army paraded in the streets around the Presidencia and Madero gave a short talk to them.

Peace talk is still under way and every effort is being made by Braniff and Obregon, the two go-betweens, to induce Diaz to call a truce temporarily. With the insurrectos in possession of Juarez, the orders having been issued to the United States troops to permit them to import provisions and medical supplies, they are not anxious to start an offensive campaign at once, but, having knowledge that General Rabago and federal reinforcements are coming from Chihuahua, Orozco and almost the entire force now in Juarez together with all forces he can call in from the south, will leave today to meet him and give battle. Obregon and Braniff are attempting to have the federals hold Rabago back while peace negotiations are continued. Madero is willing to re-open them and it may be that an armistice will be agreed to in a very few hours.

Colonel Steever, commanding the United States border guard, was advised by the war department that he might permit food and medical supplies to be sent to the insurrectos in Juarez. This settles a question that has been troubling the insurrectos and people of El Paso. The stock of provisions in Juarez is small and it was known that these would soon be exhausted.

ATTORNEYS ARE SILENT

Drew and Badorf Keep Information to Themselves.

Claim They Cannot Reply to Inquiries Before Grand Jury Without Violating Confidence.

Indianapolis, May 12.—Walter Drew and J. A. G. Badorf, attorneys for the National Erectors' Association, have refused to answer questions before the grand jury. When Drew and Badorf were before the jury they answered all questions relating to the finding of the dynamite in the American Central Life building and at the Jones' stable, the arrest of McNamara, which they witnessed, and the taking of the prisoner before Police Judge Collins.

When asked if they knew before it was found that dynamite was stored at the two places, they said they did. But to the questions as to how they knew it, both refused to answer. It is believed that this matter, if revealed now would be anticipating some of the testimony that will be developed at Los Angeles in the trial of McNamara, and it might be that advance information would affect the prosecution's case. Prosecutor Baker's contention was at first that the attorneys would have to answer, but upon further reflection he questions if the court would require it. The attorneys did not claim, it is said, that the information came to them professionally, but that it was a matter which they could not reveal except by the violation of confidence.

ARE WE READY?

The editor has been away for six months and is not very closely in touch with the situation with regard to our preparedness or lack of it for the approaching G. A. R. meeting. We are compelled to anticipate the presence here for two or three days of probably ten thousand people. This, in a city of six or seven thousand people and in a city of probably not to exceed 1,800 homes, means that we will be compelled as home-owners to submit to considerable inconvenience during those two or three days, in order that our reputation for properly caring for the stranger within our gates does not suffer in comparison with the reputation which we feel we have, nor in comparison with the results obtained by cities of our size or smaller.

We trust the city will not overlook this magnificent opportunity for advertising itself. And the best of all will be the unanimous verdict of the ten thousand people who come here that we can properly care for a convention of even such proportions as this. We should be upon our best behavior. We should send away 10,000 favorable impressions of this city as a desirable place in which to live, as a desirable place to locate for business and as a desirable place to come with other conventions.

In the vernacular of the streets, it is up to us to make good. We believe firmly that we will; but we cannot make good simply by permitting a belief of this kind to lie dormant. We must have this belief firm in the saddle and in action, and it is not thus established and at work now, there should be no further time lost in getting busy.

We do not know that it is necessary to suggest to the Ypsilanti Industrial Association the unusual opportunity afforded it, as a concrete representative of the commercial development interests of the city, for advertising that feature of our municipality. We believe that the opportunity to get into a good many thousands of homes in other parts of the country effective advertising matter ought not to be lost sight of. And there are various other lines of advertising that will readily suggest themselves to our city, individually and in the aggregate.

The whole thing will either prove a good ad or a bad ad for Ypsilanti. It is up to us. Are we awake to the opportunity? Are we ready for the arrival of this multitude of guests?

IS IT SAFE?

There seems to be more or less controversy in the minds of some of our citizens as to whether the Congress street bridge in its present condition is safe enough to permit the heavy D. J. & C. cars, with their loads of human freight, to pass over it, without any danger of a serious accident. The new Kalamazoo cars are said to be several tons heavier than the other cars, and consequently it would seem to us that this matter ought to have the serious attention of the Council and that the public should be given the benefit of every doubt in placing this bridge immediately in such condition, or surrounding it with such restrictions, as will operate as an immunity against disaster. One thing it seems to us ought to be enforced literally, and that is the provision compelling the east-going cars at least to come as nearly as possible to a stop without stopping before they pass on to this bridge. Possibly this is already being observed by the railway company for their own protection, which is perfectly natural; but in face of the fact that there is quite a steep grade on the approach from the west, unless this precaution is exercised religiously, these big cars are apt to hit the bridge a very hard blow unless moving very slowly.

There is a heavy traffic of the railway company which passes over this bridge which, together with other traffic, scarcely permits of the complete cessation of vibration. It would of course seem little short of a business calamity to have both the railway and other traveling indefinitely suspended and this important link in our main thoroughfare closed for traffic. But safely should precede all other considerations.

It Isn't Hard to Pull

Our flour. It's so light you know. And it makes such beautiful light bread, biscuits, cake, etc. Try a sack of it and see what great bread eaters your youngsters will become. They'll prefer your bread to ordinary cake and as for your cake—well they'll regard it as angel food.

Flour and feed for sale. We do grinding and pay highest cash prices for grain.

Shoes at Cost Plus 5 Per Cent.

Not Only a Low Profit Over Cost,
But a Low Profit Over a Low Cost.

Have You Ever Wondered
Why Most Good Shoes
Come From Massachusetts?

youthful fingers. "It isn't surprising," said his guide. "That girls' parents, grandparents and great grandparents, back as far as she can reckon, were all lace or embroidery makers. They do nothing else in this valley. The best of the world's best needlework comes from here."

The Regal Shoe Company
Has Long Been the Leader

Industry for more than two hundred years. The best shoes made in the world come from this section, and it has been the Regal policy from its beginning to make Regal Shoes lead all the rest in quality-for-price.

To lead in both quality and low price is harder than to lead in either alone. It is easy to get quality—if you don't care what it costs—but to give that quality at a low price means the highest degree of science in manufacturing in large volume, and straight-line, economical, direct, selling methods.

Why Regal Manufacturing
and Selling Costs are Low.

economy. The Regal cost-accounting, for example, shows the cost of over two hundred operations and more than one hundred parts on every shoe turned out, down to a hundredth of a cent.

But most perfect of all is the Regal, direct-line selling system—the Regal's own, although copied to some extent by other manufacturers. Regal Shoes go direct from the factories to you by the straightest, most economical route, cutting out jobbers, middlemen and large retailing profits. There is no lost motion, no lost time, no "overstocks," no unnecessary expense, anywhere.

And Regal Shoes are now sold at cost of
manufacture, plus five per cent. commission,
and this low cost of selling.

Regal Shoes are the only shoes priced in this way. It is the only scientific, economical, "square deal" way of selling shoes. You gain not only by the low margin of manufacturing profit but by the fact that this low margin is reckoned on a low cost.

Buying shoes as you buy
other necessities of life

wholesale market cost. If the wholesale or manufacturing cost goes down, the retail price goes down. If it goes up, the retail price goes up in proportion. When the retailer's profits are fair, this is fair to you. But this is not the way that shoes have been sold. Shoes have always sold at fixed, "even money" prices—always multiples of the half dollar.

But Regal Shoes hereafter will be sold in the scientific, economical way—with the profits kept low and the manufacturing cost as the basis.

This Stamp
is your guar-
antee of the
lowest pos-
sible price

The price of every Regal Shoe is now reckoned at 5 per cent. over actual cost, plus the cost of getting the shoe from the factories to you. This price is CERTIFIED BY PUBLIC ACCOUNTANTS AND STAMPED ON THE SHOE AT THE FACTORY. It is stamped just as it figures out—in "odd" prices or in "even" prices—and the old-fashioned arbitrary custom is done away with.

The stamp is your guarantee that the price is THE LOWEST FOR WHICH A SHOE OF THAT CHARACTER CAN BE BOUGHT, that nothing has been added to conform to shoe-trade custom, that MORE of the price goes into quality and LESS for profit and expense than in any other make you can buy.

Regal Prices Are Now \$3.35 to \$5.85

Do What You Can Circle of the King's

HOW IN DOES ITS WORK

By strengthening each organ of the body to do its work properly and thus driving out the impurities, is the reason why Father John's Medicine is the best remedy ever prescribed for building up the system if you are run down.

No nerve deadening drugs or temporary stimulants to weaken the system and expose you to serious and fatal disease—all pure nourishment.

SATURDAY'S SPECIALS

Just to keep up our reputation as the store of Large Sales and Small Profits, Quick Sales and Quick Returns, we propose to place on special sale tomorrow, Saturday only, all our \$1.25 Underskirts, Muslins, Gingham and Sateens, at the exceptionally low price of **79c**

THINK OF IT! If you could get a White Muslin Underskirt well worth \$1.25 and \$1.50 at wholesale you would think you certainly would have to embrace the opportunity in order to be honest with yourself.

WELL, HERE IS YOUR CHANCE

You will find in this Special Sale of Underskirts some numbers at less than wholesale prices. Don't ask us how we can do it, or why we do it. You are a good judge of these things and will readily recognize some big bargains in this sale you can't afford to miss. Don't merely take our word for it--

COME AND SEE THEM

Seeing is believing. They are yours to see and yours to wear at the specially low price of 79c. Yours where fashion reigns, quality is kept up and prices let down.
